 - B. Payment of the following fees:
 - 1. All applicable fees established by the Public Utilities Commission in rules adopted under Ohio R.C. 4921.25, except that the lienholder of a vehicle may retrieve the vehicle without paying any storage fee for the period of time that the vehicle was in the possession of the towing service or storage facility prior to the date the lienholder received the notice sent under subsection (f)(1)A. of this section;
 - 2. If notice has been sent to the owner and lienholder as described in subsection (f) of this section, a processing fee of twenty-five dollars (\$25.00).

303.083 RELEASE OF VEHICLE; RECORDS; CHARGES.

(EDITOR'S NOTE: The provisions of former Section 303.083 as amended are now codified in Section 303.081.)

303.09 LEAVING JUNK AND OTHER VEHICLES ON PRIVATE OR PUBLIC PROPERTY WITHOUT PERMISSION OR NOTIFICATION.

(a) No person shall willfully leave any vehicle or an "abandoned junk motor vehicle" as defined in Ohio R.C. 4513.63 on private property for more than seventy-two consecutive hours without the permission of the person having the right to the possession of the property or on a public street or other property open to the public for purposes of vehicular travel or parking, or upon or within the right of way of any road or highway, for forty-eight consecutive hours or longer, without notification to the Police Chief of the reasons for leaving the vehicle in such place.

For purposes of this section, the fact that a vehicle has been so left without permission or notification is prima-facie evidence of abandonment. Nothing contained in this section shall invalidate the provisions of other ordinances regulating or prohibiting the abandonment of motor vehicles on streets, highways, public property or private property within the Municipality.

(b) Whoever violates this section is guilty of a minor misdemeanor and shall also be assessed any costs incurred by the Municipality in disposing of an abandoned junk motor vehicle that is the basis of the violation, less any money accruing to the Municipality from this disposal of the vehicle. (ORC 4513.64)

303.10 LEAVING JUNK VEHICLES ON PRIVATE PROPERTY WITH PERMISSION OF OWNER.

(a) For the purposes of this section, "junk motor vehicle" means any motor vehicle meeting the requirements of Ohio R.C. 4513.63(B) to (E) that is left uncovered in the open on private property for more than seventy-two hours with the permission of the person having the right to the possession of the property, except if the person is operating a junk yard or scrap metal processing facility licensed under authority of Ohio R.C. 4737.05 to 4737.12; or regulated under authority of the Municipality; or if the property on which the motor vehicle is left is not subject to licensure or regulation by any governmental authority, unless the person having the right to the possession of the property can establish that the motor vehicle is part of a bona fide commercial operation, or if the motor vehicle is a collector's vehicle.

Persons may store or keep by unrestricted method any collector's vehicle as defined in Ohio R.C. 4501.01(F) on private property with the permission of the person having the right to the possession of the property; except that such person having such permission shall conceal, by means of buildings, fences, vegetation, terrain or other suitable obstruction, any unlicensed collector's vehicle stored in the open.

Council, the Chief of Police or the Municipal Zoning Authority, may send notice by certified mail with return receipt requested, to the person having the right to the possession of the property on which a junk motor vehicle is left, that within ten days of receipt of the notice, the junk motor vehicle either shall be covered by being housed in a garage or other suitable structure or shall be removed from the property.

No person shall willfully leave a junk motor vehicle uncovered in the open for more than ten days after receipt of a notice as provided in this section. The fact that a junk motor vehicle is so left is prima-facie evidence of willful failure to comply with the notice. Each subsequent period of thirty days that a junk motor vehicle continues to be so left constitutes a separate offense.

(b) Whoever violates this section is guilty of a minor misdemeanor.
(ORC 4513.65)

303.11 PROVIDING FALSE INFORMATION TO POLICE OFFICER.

(a) No person shall knowingly present, display or orally communicate a false name, social security number or date of birth to a law enforcement officer who is in the process of issuing to the person a traffic ticket or complaint.

(b) Whoever violates this section is guilty of a misdemeanor of the first degree.
(ORC 4513.361)

303.99 GENERAL TRAFFIC CODE PENALTIES.

(a) General Misdemeanor Classifications. Whoever violates any provision of this Traffic Code for which violation no penalty is otherwise provided, is guilty of a minor misdemeanor.
(ORC 4513.99)

(b) Penalties. Whoever is convicted of or pleads guilty to a violation of this Traffic Code shall be imprisoned for a definite term or fined, or both, which term of imprisonment and fine shall be fixed by the court as provided in this section.

<u>Classification of Misdemeanor</u>	<u>Maximum Term of Imprisonment</u>	<u>Maximum Fine</u>
First degree	180 days	\$1,000.00
Second degree	90 days	750.00
Third degree	60 days	500.00
Fourth degree	30 days	250.00

305.05 OWNER MAY ESTABLISH NONLIABILITY FOR LOCAL TRAFFIC OFFENSES BY PROOF OF LEASE OF VEHICLE.

(a) The owner of a vehicle shall be entitled to establish nonliability for prosecution for violation of an ordinance, resolution or regulation enacted under Section 305.01(a) by proving the vehicle was in the care, custody or control of a person other than the owner at the time of the violation pursuant to a written lease agreement providing that except for such agreement, no other business relationship with respect to the vehicle in question exists between the operator and owner.

(b) Proof that the vehicle was in the care, custody or control of a person other than the owner shall be established by sending a copy of such written lease agreement to the prosecuting authority within thirty days from the date of receipt by the owner of the notice of violation. 313.01 OBEDIENCE TO TRAFFIC CONTROL DEVICES.

(a) No pedestrian or driver of a vehicle shall disobey the instructions of any traffic control device placed in accordance with the provisions of this Traffic Code, unless at the time otherwise directed by a police officer.

No provisions of this Traffic Code for which signs are required shall be enforced against an alleged violator if at the time and place of the alleged violation an official sign is not in proper position and sufficiently legible to be seen by an ordinarily observant person. Whenever a particular section of this Traffic Code does not state that signs are required, that section shall be effective even though no signs are erected or in place.

(b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree. (ORC 4511.12)

313.02 THROUGH STREETS; STOP AND YIELD RIGHT-OF-WAY SIGNS.

(a) All State routes are hereby designated as through streets or highways, provided that stop signs, yield signs or traffic control signals shall be erected at all intersections with such through streets or highways, except as otherwise provided in this section. Where two or more State routes that are through streets or highways intersect and no traffic control signal is in operation, stop signs or yield signs shall be erected at one or more entrances thereto by the Ohio Department of Transportation, except as otherwise provided in this section.

Whenever the Ohio Director of Transportation determines on the basis of an engineering and traffic investigation that stop signs are necessary to stop traffic on a through highway for safe and efficient operation, nothing in this section shall be construed to prevent such installations. When circumstances warrant, the Director also may omit stop signs on roadways intersecting through highways under his jurisdiction. Before the Director either installs or removes a stop sign under this paragraph, he shall give notice, in writing, of that proposed action to the Municipality at least thirty days before installing or removing the stop sign.

(b) Other streets or highways or portions thereof, are hereby designated through streets or highways, if they are within the Municipality, if they have a continuous length of more than one mile between the limits of such street or highway or portion thereof, and if they have "stop" or "yield" signs or traffic control signals at the entrances of the majority of intersecting streets or highways. For purposes of this section, the limits of such street or highway or portion thereof, shall be a municipal corporation line, the physical terminus of the street or highway or any point on such street or highway at which vehicular traffic thereon is required by regulatory signs to stop or yield to traffic on the intersecting street, provided that in residence districts the Municipality may by ordinance designate such street or highway, or portion thereof, not to be a through highway and thereafter the affected residence district shall be indicated by official traffic control devices. Where two or more streets or highways designated under this subsection (b) intersect and no traffic control signal is in operation, stop signs or yield signs shall be erected at one or more entrances thereto by the Ohio Department of Transportation or by Council or the authorized local authority, except as otherwise provided in this section.

(c) Stop signs need not be erected at intersections so constructed as to permit traffic to safely enter a through street or highway without coming to a stop. Signs shall be erected at such intersections indicating that the operator of a vehicle shall yield the right of way to or merge with all traffic proceeding on the through street or highway.

(d) Council or the authorized local authority may designate additional through streets or highways and shall erect stop signs, yield signs or traffic control signals at all streets and highways intersecting such through streets or highways, or may designate any intersection as a stop or yield intersection and shall erect like signs at one or more entrances to such intersection. (ORC 4511.65)

313.03 TRAFFIC SIGNAL INDICATIONS.

Highway traffic signal indications for vehicles, and pedestrians shall have the following meanings:

(a) Steady Green Signal Indication:

(1) A. Vehicular traffic facing a circular green signal indication is permitted to proceed straight through or turn right or left, or make a u-turn movement except as such movement is modified by a lane-use sign, turn prohibition sign, lane marking, roadway design, separate turn signal indication, or other traffic control device. Such vehicular traffic, including vehicles turning right or left or making a u-turn movement, shall yield the right-of-way to both of the following:

1. Pedestrians lawfully within an associated crosswalk;
 2. Other vehicles lawfully within the intersection.
- B. In addition, vehicular traffic turning left or making a u-turn movement to the left shall yield the right-of-way to other vehicles approaching from the opposite direction so closely as to constitute an immediate hazard during the time when such turning vehicle is moving across or within the intersection.
- (2) Vehicular traffic facing a green arrow signal indication, displayed alone or in combination with another signal indication, is permitted to cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications displayed at the same time. Such vehicular traffic, including vehicles turning right or left or making a u-turn movement, shall yield the right-of-way to both of the following:
- A. Pedestrians lawfully within an associated crosswalk.
 - B. Other traffic lawfully using the intersection.
- (3) A. Unless otherwise directed by a pedestrian signal indication, as provided in Section 313.05, pedestrians facing a circular green signal indication are permitted to proceed across the roadway within any marked or unmarked associated crosswalk. The pedestrian shall yield the right-of-way to vehicles lawfully within the intersection or so close as to create an immediate hazard at the time that the green signal indication is first displayed.
- B. Pedestrians facing a green arrow signal indication, unless otherwise directed by a pedestrian signal indication or other traffic control device, shall not cross the roadway.
- (b) Steady Yellow Signal Indication:
- (1) Vehicular traffic facing a steady circular yellow signal indication is thereby warned that the related green movement or the related flashing arrow movement is being terminated or that a steady red signal indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection. The provisions governing vehicular operation under the movement being terminated shall continue to apply while the steady circular yellow signal indication is displayed.
 - (2) Vehicular traffic facing a steady yellow arrow signal indication is thereby warned that the related green arrow movement or the related flashing arrow movement is being terminated. The provisions governing vehicular operation under the movement being terminated shall continue to apply while the steady yellow arrow signal indication is displayed.
 - (3) Pedestrians facing a steady circular yellow or yellow arrow signal indication, unless otherwise directed by a pedestrian signal indication as provided in Section 313.05 or other traffic control device, shall not start to cross the roadway.
- (c) Steady Red Signal Indication:
- (1) A. Vehicular traffic facing a steady circular red signal indication, unless entering the intersection to make another movement permitted by another signal indication, shall stop at a clearly marked stop line; but if there is no stop line, traffic shall stop before entering the crosswalk on the near side of the intersection; or if there is no crosswalk, before then before entering the intersection; and shall remain stopped until a signal indication to proceed is displayed except as provided in subsections (c)(1), (2) and (3) of this section.

- B. Except when a traffic control device is in place prohibiting a turn on red or a steady red arrow signal indication is displayed, vehicular traffic facing a steady circular red signal indication is permitted, after stopping, to enter the intersection to turn right, or to turn left from a one-way street into a one-way street. The right to proceed with the turn shall be subject to the provisions that are applicable after making a stop at a stop sign.
- (2) A. Vehicular traffic facing a steady red arrow signal indication shall not enter the intersection to make the movement indicated by the arrow and, unless entering the intersection to make another movement permitted by another signal indication, shall stop at a clearly marked stop line; but if there is no stop line, before entering the crosswalk on the near side of the intersection; or if there is no crosswalk, then before entering the intersection; and shall remain stopped until a signal indication or other traffic control device permitting the movement indicated by such red arrow is displayed.
 - B. When a traffic control device is in place permitting a turn on a steady red arrow signal indication, vehicular traffic facing a steady red arrow indication is permitted, after stopping, to enter the intersection to turn right or to turn left from a one-way street into a one-way street. The right to proceed with the turn shall be limited to the direction indicated by the arrow, and shall be subject to the provisions that are applicable after making a stop at a stop sign.
- (3) Unless otherwise directed by a pedestrian signal indication as provided in Section 313.05 or other traffic control device, pedestrians facing a steady circular red or steady red arrow signal indication shall not enter the roadway.
 - (4) Local authorities by ordinance, or the Director of Transportation on State highways, may prohibit a right or a left turn against a steady red signal at any intersection, which shall be effective when signs giving notice thereof are posted at the intersection.
- (d) Flashing Green Signal Indication. A flashing green signal indication has no meaning and shall not be used.
 - (e) Flashing Yellow Signal Indication:
 - (1) A. Vehicular traffic, on an approach to an intersection, facing a flashing circular yellow signal indication, is permitted to cautiously enter the intersection to proceed straight through or turn right or left or make a u-turn movement except as such movement is modified by lane-use signs, turn prohibition signs, lane markings, roadway design, separate turn signal indications, or other traffic control devices. Such vehicular traffic, including vehicles turning right or left or making a u-turn movement, shall yield the right-of-way to both of the following:
 1. Pedestrians lawfully within an associated crosswalk;
 2. Other vehicles lawfully within the intersection.
 - B. In addition, vehicular traffic turning left or making a u-turn to the left shall yield the right-of-way to other vehicles approaching from the opposite direction so closely as to constitute an immediate hazard during the time when such turning vehicle is moving across or within the intersection.

- (2) A. Vehicular traffic, on an approach to an intersection, facing a flashing yellow arrow signal indication, displayed alone or in combination with another signal indication, is permitted to cautiously enter the intersection only to make the movement indicated by such arrow, or other such movement as is permitted by other signal indications displayed at the same time. Such vehicular traffic, including vehicles turning right or left or making a u-turn, shall yield the right-of-way to both of the following:
 1. Pedestrians lawfully within an associated crosswalk;
 2. Other vehicles lawfully within the intersection.
 - B. In addition, vehicular traffic turning left or making a u-turn to the left shall yield the right-of-way to other vehicles approaching from the opposite direction so closely as to constitute an immediate hazard during the time when such turning vehicle is moving across or within the intersection.
 - (3) Pedestrians facing any flashing yellow signal indication at an intersection, unless otherwise directed by a pedestrian signal indication or other traffic control device, are permitted to proceed across the roadway within any marked or unmarked associated crosswalk. Pedestrians shall yield the right-of-way to vehicles lawfully within the intersection at the time that the flashing yellow signal indication is first displayed.
 - (4) When a flashing circular yellow signal indication is displayed as a beacon to supplement another traffic control device, road users are notified that there is a need to pay additional attention to the message contained thereon or that the regulatory or warning requirements of the other traffic control device, which might not be applicable at all times, are currently applicable.
- (f) Flashing Red Signal Indication:
 - (1) Vehicular traffic, on an approach to an intersection, facing a flashing circular red signal indication, shall stop at a clearly marked stop line; but if there is no stop line, before entering the crosswalk on the near side of the intersection; or if there is no crosswalk, at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection. The right to proceed shall be subject to the provisions that are applicable after making a stop at a stop sign.
 - (2) Pedestrians facing any flashing red signal indication at an intersection, unless otherwise directed by a pedestrian signal indication or other traffic control device, are permitted to proceed across the roadway within any marked or unmarked associated crosswalk. Pedestrians shall yield the right-of-way to vehicles lawfully within the intersection at the time that the flashing red signal indication is first displayed.
 - (3) When a flashing circular red signal indication is displayed as a beacon to supplement another traffic control device, road users are notified that there is a need to pay additional attention to the message contained thereon or that the regulatory requirements of the other traffic control device, which might not be applicable at all times, are currently applicable. Use of this signal indication shall be limited to supplementing stop, do not enter, or wrong way signs, and to applications where compliance with the supplemented traffic control device requires a stop at a designated point.

- (g) General Application: In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.
- (h) Exception. This section does not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by Ohio R.C. 4511.61 and 4511.62. (ORC 4511.13)

313.04 LANE-USE CONTROL SIGNAL INDICATIONS.

- (a) The meanings of lane-use control signal indications are as follows:
 - (1) A steady downward green arrow: A road user is permitted to drive in the lane over which the arrow signal indication is located.
 - (2) A steady yellow "X": A road user is to prepare to vacate the lane over which the signal indication is located because a lane control change is being made to a steady red "X" signal indication.
 - (3) A steady white two-way left-turn arrow: A road user is permitted to use a lane over which the signal indication is located for a left turn, but not for through travel, with the understanding that common use of the lane by oncoming road users for left turns also is permitted.
 - (4) A steady white one-way left-turn arrow: A road user is permitted to use a lane over which the signal indication is located for a left turn, without opposing turns in the same lane, but not for through travel.
 - (5) A steady red "X": A road user is not permitted to use the lane over which the signal indication is located and that this signal indication shall modify accordingly the meaning of other traffic controls present. (ORC 4511.131)

313.05 SPECIAL PEDESTRIAN CONTROL SIGNALS.

- (a) Whenever special pedestrian control signals exhibiting the words "walk" or "don't walk", or the symbol of a walking person or an upraised palm are in place, such signals shall indicate the following instructions:
 - (1) A steady walking person signal indication, which symbolizes "walk", means that a pedestrian facing the signal indication is permitted to start to cross the roadway in the direction of the signal indication, possibly in conflict with turning vehicles. The pedestrian shall yield the right-of-way to vehicles lawfully within the intersection at the time that the walking person signal indication is first shown.

- (2) A flashing upraised hand signal indication, which symbolizes “don’t walk”, means that a pedestrian shall not start to cross the roadway in the direction of the signal indication, but that any pedestrian who has already started to cross on a steady walking person signal indication shall proceed to the far side of the traveled way of the street or highway, unless otherwise directed by a traffic control device to proceed only to the median of a divided highway or only to some other island or pedestrian refuge area.
- (3) A steady upraised hand signal indication means that a pedestrian shall not enter the roadway in the direction of the signal indication.
- (4) Nothing in this section shall be construed to invalidate the continued use of pedestrian control signals utilizing the word “wait” if those signals were installed prior to March 28, 1985.
- (5) A flashing walking person signal indication has no meaning and shall not be used. (ORC 4511.14)

331.01 DRIVING UPON RIGHT SIDE OF ROADWAY; EXCEPTIONS.

- (a) Upon all roadways of sufficient width, a vehicle shall be driven upon the right half of the roadway, except as follows:
- (1) When overtaking and passing another vehicle proceeding in the same direction, or when making a left turn under the rules governing such movements;
 - (2) When an obstruction exists making it necessary to drive to the left of the center of the highway; provided, any person so doing shall yield the right of way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard;
 - (3) When driving upon a roadway divided into three or more marked lanes for traffic under the rules applicable thereon;
 - (4) When driving upon a roadway designated and posted with signs for one-way traffic;
 - (5) When otherwise directed by a police officer or traffic control device.
- (b) (1) Upon all roadways any vehicle proceeding at less than the prevailing and lawful speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic, and far enough to the right to allow passing by faster vehicles if such passing is safe and reasonable, except under any of the following circumstances:
- A. When overtaking and passing another vehicle proceeding in the same direction;
 - B. When preparing for a left turn;
 - C. When the driver must necessarily drive in a lane other than the right-hand lane to continue on the driver's intended route.
- (2) Nothing in subsection (b)(1) of this section requires a driver of a slower vehicle to compromise the driver's safety to allow overtaking by a faster vehicle.

(c) Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, no vehicle shall be driven to the left of the center line of the roadway, except when authorized by official traffic control devices designating certain lanes to the left of the center of the roadway for use by traffic not otherwise permitted to use the lanes, or except as permitted under subsection (a) (2) hereof.

This subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road or driveway.

(d) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree. (ORC 4511.25)

331.02 PASSING TO RIGHT WHEN PROCEEDING IN OPPOSITE DIRECTIONS.

(a) Operators of vehicles proceeding in opposite directions shall pass each other to the right, and upon roadways having width for not more than one line of traffic in each direction, each operator shall give to the other one-half of the main traveled portion of the roadway or as nearly one-half as is reasonably possible.

(b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree. (ORC 4511.26)

331.03 OVERTAKING, PASSING TO LEFT; DRIVER'S DUTIES.

(a) The following rules govern the overtaking and passing of vehicles proceeding in the same direction:

- (1) The operator of a vehicle overtaking another vehicle proceeding in the same direction shall, except as provided in subsection (a)(3) hereof, signal to the vehicle to be overtaken, shall pass to the left thereof at a safe distance, and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle. When a motor vehicle overtakes and passes a bicycle, three feet or greater is considered a safe passing distance.
- (2) Except when overtaking and passing on the right is permitted, the operator of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle at the latter's audible signal, and the operator shall not increase the speed of the operator's vehicle until completely passed by the overtaking vehicle.
- (3) The operator of a vehicle overtaking and passing another vehicle proceeding in the same direction on a divided street or highway as defined in Section 331.31, a limited access highway as defined in Ohio R.C. 5511.02 or a highway with four or more traffic lanes, is not required to signal audibly to the vehicle being overtaken and passed.

(b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree. (ORC 4511.27)

331.04 OVERTAKING AND PASSING UPON RIGHT.

(a) The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

- (1) When the vehicle overtaken is making or about to make a left turn;
- (2) Upon a roadway with unobstructed pavement of sufficient width for two or more lines of vehicles moving lawfully in the direction being traveled by the overtaking vehicle.

(b) The driver of a vehicle may overtake and pass another vehicle only under conditions permitting such movement in safety. The movement shall not be made by driving off the roadway.

(c) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree. (ORC 4511.28)

331.05 OVERTAKING, PASSING TO LEFT OF CENTER.

(a) No vehicle shall be driven to the left of the center of the roadway in overtaking and passing traffic proceeding in the same direction, unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made, without interfering with the safe operation of any traffic approaching from the opposite direction or any traffic overtaken. In every event the overtaking vehicle must return to an authorized lane of travel as soon as practicable and in the event the passing movement involves the use of a lane authorized for traffic approaching from the opposite direction before coming within 200 feet of any approaching vehicle.

(b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree. (ORC 4511.29)

331.06 ADDITIONAL RESTRICTIONS ON DRIVING UPON LEFT SIDE OF ROADWAY.

(a) No vehicle shall be driven upon the left side of the roadway under the following conditions:

- (1) When approaching the crest of a grade or upon a curve in the highway, where the operator's view is obstructed within such a distance as to create a hazard in the event traffic might approach from the opposite direction;
- (2) When the view is obstructed upon approaching within 100 feet of any bridge, viaduct or tunnel;
- (3) When approaching within 100 feet of or traversing any intersection or railroad grade crossing.

(b) This section does not apply to vehicles upon a one-way roadway, upon a roadway where traffic is lawfully directed to be driven to the left side or under the conditions described in Section 331.01(a)(2).

(c) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree. (ORC 4511.30)

331.07 HAZARDOUS OR NO PASSING ZONES.

(a) Hazardous zones, commonly called "no passing zones," shall consist of an auxiliary yellow line marked on the roadway pavement and placed parallel to the normal center line or marked lane line. When the auxiliary yellow line appears on the left side in the driver's lane of travel and to the right of the normal center line or marked lane line, no driver shall drive across the auxiliary yellow line to overtake and pass another vehicle proceeding in the same direction. When auxiliary yellow lines appear on both sides of the normal center line or marked lane line, drivers proceeding in either direction shall not drive across such auxiliary yellow lines to overtake and pass another vehicle proceeding in the same direction. No driver shall, at any other time, drive across the yellow auxiliary line when it appears in the driver's lane of travel, except to make a lawfully permitted left-hand turn under the rules governing such movement. No passing signs may also be erected facing traffic to indicate the beginning and end of each no passing zone.

When appropriate signs or markings indicating hazardous or no passing zones are in place and clearly visible, every operator of a vehicle shall obey the directions of the signs or markings, notwithstanding the distance set out in Section 331.06.

(b) Subsection (a) of this section does not apply when all of the following apply:

- (1) The slower vehicle is proceeding at less than half the speed of the speed limit applicable to that location.
- (2) The faster vehicle is capable of overtaking and passing the slower vehicle without exceeding the speed limit.
- (3) There is sufficient clear sight distance to the left of the center or center line of the roadway to meet the overtaking and passing provisions of Section 331.05, considering the speed of the slower vehicle.

(c) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. - (4) If an offender's driver's or occupational driver's license or permit or nonresident operating privilege is suspended under subsection (h) of this section and if Ohio R.C. 4510.13 permits the court to grant limited driving privileges, the court may grant the limited driving privileges in accordance with that section. If division (A)(7) of that section requires that the court impose as a condition of the privileges that the offender must display on the vehicle that is driven subject to the privileges restricted license plates that are issued under Ohio R.C. 4503.231, except as provided in division (B) of that section, the court shall impose that condition as one of the conditions of the limited driving privileges granted to the offender, except as provided in division (B) of Ohio R.C. 4503.231.
- (5) If title to a motor vehicle that is subject to an order of criminal forfeiture under this section is assigned or transferred and division (B)(2) or (3) of Ohio R.C. 4503.234 applies, in addition to or independent of any other penalty established by law, the court may fine the offender the value of the vehicle as determined by publications of the national auto dealers association. The proceeds of any fine so imposed shall be distributed in accordance with division (C)(2) of that section.
- (6) In all cases in which an offender is sentenced under subsection (h) of this section, the offender shall provide the court with proof of financial responsibility as defined in Ohio R.C. 4509.01. If the offender fails to provide that proof of financial responsibility, the court, in addition to any other penalties provided by law, may order restitution pursuant to Ohio R.C. 2929.18 or 2929.28 in an amount not exceeding five thousand dollars (\$5,000) for any economic loss arising from an accident or collision that was the direct and proximate result of the offender's operation of the vehicle before, during or after committing the offense for which the offender is sentenced under subsection (h) of this section.
- (7) As used in subsection (h) of this section, "electronic monitoring", "mandatory prison term" and "mandatory term of local incarceration" have the same meanings as in Ohio R.C. 2929.01.

(i) Vehicle Operation After Underage Alcohol Consumption Penalty. Whoever violates subsection (b) of this section is guilty of operating a vehicle after underage alcohol consumption and shall be punished as follows:

- (1) Except as otherwise provided in subsection (i)(2) of this section, the offender is guilty of a misdemeanor of the fourth degree. In addition to any other sanction imposed for the offense, the court shall impose a class six suspension of the offender's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege from the range specified in division (A)(6) of Ohio R.C. 4510.02.

The court may grant limited driving privileges relative to the suspension under Ohio R.C. 4510.021 and 4510.13. The court may grant unlimited driving privileges with an ignition interlock device relative to the suspension and may reduce the period of suspension as authorized under Ohio R.C. 4510.022. If the court grants unlimited driving privileges under Ohio R.C. 4510.022, the court shall suspend any jail term imposed under subsection (i)(1) of this section as required under that section.

- (2) If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one or more violations of subsection (a) or (b) of this section or other equivalent offenses, the offender is guilty of a misdemeanor of the third degree. In addition to any other sanction imposed for the offense, the court shall impose a class four suspension of the offender's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege from the range specified in division (A)(4) of Ohio R.C. 4510.02. The court may grant limited driving privileges relative to the suspension under Ohio R.C. 4510.021 and 4510.13.
- (3) If the offender also is convicted of or also pleads guilty to a specification of the type described in Ohio R.C. 2941.1416 and if the court imposes a jail term for the violation of subsection (b) of this section, the court shall impose upon the offender an additional definite jail term pursuant to division (E) of Ohio R.C. 2929.24.
- (4) The offender shall provide the court with proof of financial responsibility as defined in Ohio R.C. 4509.01. If the offender fails to provide that proof of financial responsibility, then, in addition to any other penalties provided by law, the court may order restitution pursuant to Ohio R.C. 2929.28, in an amount not exceeding five thousand dollars (\$5,000) for any economic loss arising from an accident or collision that was the direct and proximate result of the offender's operation of the vehicle before, during or after committing the violation of subsection (b) of this section.

However, if the court determines that an offender who stays in an alcohol treatment program under an order issued under this section is unable to pay the cost of the stay in the program, the court may order that the cost be paid from the court's indigent drivers' alcohol treatment fund.

(l) Appeal Does Not Stay Operation of License Suspension. If a person whose driver's or commercial driver's license or permit or nonresident operating privilege is suspended under this section files an appeal regarding any aspect of the person's trial or sentence, the appeal itself does not stay the operation of the suspension.

(m) Subsection (a)(1)J. of this section does not apply to a person who operates a vehicle while the person has a concentration of a listed controlled substance or a listed metabolite of a controlled substance in the person's whole blood, blood serum or plasma, or urine that equals or exceeds the amount specified in that subsection, if both of the following apply:

(a) No person shall operate a motor vehicle at a speed greater or less than is reasonable or proper, having due regard to the traffic, surface and width of the street or highway and any other conditions, and no person shall drive any motor vehicle in and upon any street or highway at a greater speed than will permit the person to bring it to a stop within the assured clear distance ahead.

(b) It is prima-facie lawful, in the absence of a lower limit declared or established pursuant to Ohio R.C. 4511.21 by the Ohio Director of Transportation or Council, for the operator of a motor vehicle to operate the same at a speed not exceeding the following:

- (1) A. Twenty miles per hour in school zones during school recess and while children are going to or leaving school during the opening or closing hours, and when twenty miles per hour school speed limit signs are erected; except, that on controlled-access highways and expressways, if the right-of-way line fence has been erected without pedestrian opening, the speed shall be governed by subsection (b)(4) hereof and on freeways, if the right-of-way line fence has been erected without pedestrian opening, the speed shall be governed by subsection (b)(7) hereof. The end of every school zone may be indicated by signs equipped with flashing or other lights, or giving other special notice of the hours in which the school zone speed limit is in effect.

- C. As used in this section, "school zone" means that portion of a street or highway passing a school fronting upon the street or highway that is encompassed by projecting the school property lines to the fronting street or highway. Upon request from the Municipality for

The distances in subsections (b)(1)C.1. to 3. hereof shall not exceed 300 feet per approach per direction and are bounded by whichever of the following distances or combinations thereof the Director approves as most appropriate:

1. The distance encompassed by projecting the school building lines normal to the fronting highway and extending a distance of 300 feet on each approach direction;
2. The distance encompassed by projecting the school property lines intersecting the fronting highway and extending a distance of 300 feet on each approach direction;
3. The distance encompassed by the special marking of the pavement for a principal school pupil crosswalk plus a distance of 300 feet on each approach direction of highway;

Nothing in this section shall be construed to invalidate the Director's initial action on August 9, 1976, establishing all school zones at the traditional school zone boundaries defined by projecting school property lines, except when those boundaries are extended as provided in subsections (b)(1)A. and C. hereof.

- D. As used in this subsection, "crosswalk" has the meaning given that term in Section 301.09. Such a school zone shall include the distance encompassed by the crosswalk and extending 300 feet on each approach direction of the State route;
- (2) Twenty-five miles per hour in all other portions of the Municipality, except on State routes outside business districts, through highways outside business districts and alleys;
 - (3) Thirty-five miles per hour on all State routes or through highways within the Municipality outside business districts, except as provided in subsections (b)(4) and (5) hereof;

 - (9) Sixty-five miles per hour for operators of any motor vehicle at all times on rural expressways without traffic control signals;

- (10) Seventy miles per hour for operators of any motor vehicle at all times on all rural freeways.

- (12) Sixty-five miles per hour for operators of any motor vehicle at all times on all portions of freeways in urban areas as determined by the Director and that are part of the interstate system and are part of an interstate freeway outerbelt;

(c) It is prima-facie unlawful for any person to exceed any of the speed limitations in subsection (b)(1)A. to (b)(6) hereof, or any declared or established pursuant to this section by the Director or local authorities and it is unlawful for any person to exceed any of the speed limitations in subsection (d) hereof. No person shall be convicted of more than one violation of this section for the same conduct, although violations of more than one provision of this section may be charged in the alternative in a single affidavit.

- (d) No person shall operate a motor vehicle upon a street or highway as follows:
- (1) At a speed exceeding fifty-five miles per hour, except upon a highway, expressway or freeway as provided in subsection (b)(8), (9), (10) and (12) hereof;

(e) In every charge of violation of this section the affidavit and warrant shall specify the time, place and speed at which the defendant is alleged to have driven, and in charges made in reliance upon subsection (c) hereof also the speed which subsections (b)(1)A. to (b)(6) hereof, or a limit declared or established pursuant to this section declares is prima-facie lawful at the time and place of such alleged violation, except that in affidavits where a person is alleged to have driven at a greater speed than will permit the person to bring the vehicle to a stop within the assured clear distance ahead the affidavit and warrant need not specify the speed at which the defendant is alleged to have driven.

(f) When a speed in excess of both a prima-facie limitation and a limitation in subsection (d) hereof is alleged, the defendant shall be charged in a single affidavit, alleging a single act, with a violation indicated of both subsections (b)(1)A. to (b)(6) hereof, or of a limit declared or established pursuant to this section by the Director or local authorities, and of the limitation in subsection (d) hereof. If the court finds a violation of subsection (b)(1)A. to (b)(6) hereof, or a limit declared or established pursuant to this section has occurred, it shall enter a judgment of conviction under such subsection and dismiss the charge under subsection (d) hereof. If it finds no violation of subsections (b)(1)A. to (b)(6) hereof or a limit declared or established pursuant to this section, it shall then consider whether the evidence supports a conviction under subsection (d) hereof.

(g) Points shall be assessed for violation of a limitation under subsection (d) hereof in accordance with Ohio R.C. 4510.036.

(h) Whenever, in accordance with Ohio R.C. 4511.21 or this section, the speed limitations as established herein have been altered, either higher or lower, and the appropriate signs giving notice have been erected as required, operators of motor vehicles shall be governed by the speed limitations set forth on such signs. It is prima-facie unlawful for any person to exceed the speed limits posted upon such signs.

 - A. Except as otherwise provided in subsection (c)(3)B. or C. of this section, the court may order, for thirty days, the immobilization of the vehicle involved in the offense and the impoundment of that vehicle's license plates. The period of denial shall be five years after the date the order is issued, unless, during that five-year period, the court with jurisdiction of the offense that resulted in the order terminates the forfeiture and notifies the Registrar of the termination. (d) Notwithstanding any provision of law to the contrary, no law enforcement officer shall cause an operator of an automobile being operated on any street or highway to stop the automobile for the sole purpose of determining whether a violation of subsection (b) hereof has been or is being committed or for the sole purpose of issuing a ticket, citation or summons for a violation of that nature or causing the arrest of or commencing a prosecution of a person for a violation of that nature, and no law enforcement officer shall view the interior or visually inspect any automobile being operated on any street or highway for the sole purpose of determining whether a violation of that nature has been or is being committed.

(e) All fines collected for violations of subsection (b) hereof shall be forwarded to the Treasurer of State for deposit as provided in Ohio R.C. 4513.263.

- (f) (1) Subject to subsection (f)(2) of this section, the failure of a person to wear all of the available elements of a properly adjusted occupant restraining device in violation of subsection (b)(1) or (3) or the failure of a person to ensure that each minor who is a passenger of an automobile being operated by that person is wearing all of the available elements of a properly adjusted occupant restraining device, in violation of subsection (b)(2) of this section, shall not be considered or used by the trier of fact in a tort action as evidence of negligence or contributory negligence. But the trier of fact may determine based on evidence admitted consistent with the Ohio rules of evidence that the failure contributed to the harm alleged in the tort action and may diminish a recovery of compensatory damages that represents noneconomic loss, as defined in Ohio R.C. 2307.011 in a tort action that could have been recovered but for the plaintiff's failure to wear all of the available elements of a properly adjusted occupant restraining device. Evidence of that failure shall not be used as a basis for a criminal prosecution of the person other than a prosecution for a violation of this section; and shall not be admissible as evidence in a criminal action involving the person other than a prosecution for a violation of this section.
- (2) If, at the time of an accident involving a passenger car equipped with occupant restraining devices, any occupant of the passenger car who sustained injury or death was not wearing an available occupant restraining device, was not wearing all of the available elements of such a device, or was not wearing such a device as properly adjusted, then, consistent with the Rules of Evidence, the fact that the occupant was not wearing the available occupant restraining device, was not wearing all of the available elements of such a device, or was not wearing such a device as properly adjusted is admissible in evidence in relation to any claim for relief in a tort action to the extent that the claim for relief satisfies all of the following:

- A. It seeks to recover damages for injury or death to the occupant.
 - B. The defendant in question is the manufacturer, designer, distributor or seller of the passenger car.
 - C. The claim for relief against the defendant in question is that the injury or death sustained by the occupant was enhanced or aggravated by some design defect in the passenger car or that the passenger car was not crashworthy.
- (g) (1) Whoever violates subsection (b)(1) of this section shall be fined thirty dollars (\$30.00).
- (2) Whoever violates subsection (b)(3) of this section shall be fined twenty dollars (\$20.00).
- (3) Except as otherwise provided in this subsection, whoever violates subsection (b)(4) of this section is guilty of a minor misdemeanor. If the offender previously has been convicted of or pleaded guilty to a violation of subsection (b)(4) of this section, whoever violates subsection (b)(4) of this section is guilty of a misdemeanor of the third degree.
